

Cotswold Gallery Shelf Rail

Handcrafted from the finest solid brass, our decorative Cotswold Gallery Shelf Rail is designed to add an elegant finishing touch to shelving, cabinetry and interior joinery. Made to order in the UK and available in our full portfolio of brass finishes, our gallery rails are fully customisable and can be tailored to suit the requirements of your project. Suitable for installation on wood, marble, glass and a range of other surfaces, with a choice of end posts, through posts, corner posts and wall brackets, two post heights and corresponding rail diameters are available to create a fully customised configuration.

Small: 45mm high posts with a 6.35mm diameter rail

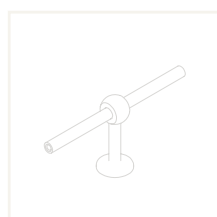

Large: 64mm high posts with a 9.5mm diameter rail

Code	Length (L)	Depth (D)	Bar Diameter (BD)	Height (H)	Base (B)

Post options

- **Through posts** connect rail bars to create longer runs
- **Corner posts** create 90° returns at the ends of a shelf
- **End posts** provide a neat finish to an open-ended rail
- **Wall brackets** allow the rail to be fixed neatly between two walls/parallel surfaces
